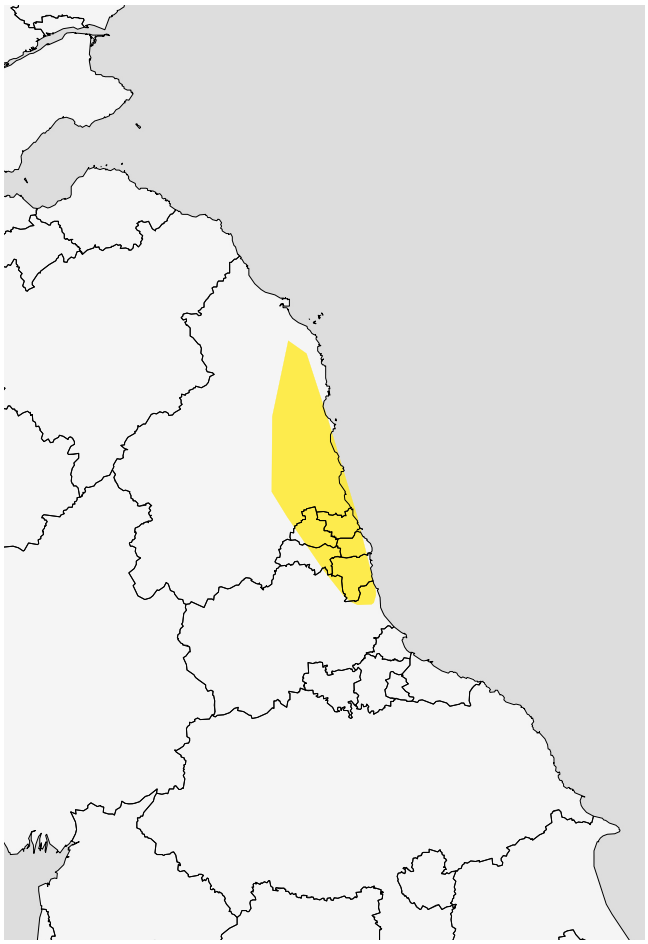
Yellow warning
Thunderstorm

Between
17:07 Wed 29 May 2024 and
19:00 Wed 29 May 2024



Heavy showers and isolated thunderstorms could cause travel disruption to travel through the evening peak travel.

What to expect

- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- There is a small chance that a few homes and businesses could be flooded

Further details

Heavy showers and isolated thunderstorms have formed across parts of Northumberland and will continue through the evening peak travel period, potentially affecting the A1 and possibly Newcastle.

15 to 25 mm of rain could fall within an hour in a few places, with possible lightning strikes.

Very low likelihood of medium impacts
